Minutes

Agenda item: **Disabled Members access to Stradey** **Presenter:** Wayne Roberts

Discussion:

We discussed the concerns raised by Carwyn about the disabled provision at Stradey, the state of the disabled toilet and the lack of shelter in the disabled area.
SG explained that the location of the disabled viewing was moved because of H&S concerns namely the movement of people in the area near the Players tunnel.
SG said he realised we had lost some disabled fans due to the situation.

We explained we would like to look into putting up a shelter like modern Perspex football "dugouts".
SG had no objections to this but asked us to liaise with CS the H&S officer for the club.

We also mentioned the problems with disabled parking at Stradey, this was something which he took onboard and realised but with the current situation is difficult to rectify.
We also asked about the disabled provision at Pemberton.
SG informed us that the legal requirement for the size of the stadium is about 20 and there would be 50 disabled places in all areas of the ground with adequate toilet and convenient parking spaces to go with them.

Agenda item: **Stewarding Issues** **Presenter:** Wayne Roberts

Discussion:

We raised the concerns brought to us and indeed experienced by some of us about the stewarding situation over the last few weeks namely aggressive attitude, bad language used by some not all stewards.
SG hadn't heard anything recently but logged our complaints and will take them to the end of season de-brief with the stewarding company which takes place next week.
SG stated that they are briefed to be firm but fair and polite and felt that some of the problem came from bringing in football stewards from the Liberty and Cardiff.

Agenda item:	**Season Ticket Insert Leaflet**	**Presenter:**	Wayne Roberts
Discussion:	We asked for CRYS16 members to be entitled to a 10% discount in the club shop as an incentive to join. SG asked for membership numbers and a rough idea of how many members weren't season ticket holders and has said he'll get back to us.		

Agenda item:	**Outstanding Monies from events**	**Presenter:**	Wayne Roberts
Discussion:	We made SG aware that we still haven't received the monies from programme sellers and the contribution towards the toilet project. SG said he will chase CS and get the money to us.		

Agenda item:	**Closing Remarks**	**Presenter:**	Dorian Davies
Discussion:	We thanked SG for his help to the trust so far i/e the programme inserts and for giving us free use of rooms for our activities. We also extended an invitation to him and the rest of the staff to the bbq to be held on 23 June.
